1. Every christian in the high desert is blessed by hearing air 1.
2. Without air 1 christian radio, we would only hear secular music, giving all of us a negative message on how to live our lives.
3. Air 1 ministers to our souls, marriages, children, homeless, abused, and hungry. They genuinely care for the welfare of the people. We wake up every day and go to bed every day listening to air 1. My home page on my computer is air 1. I beg you, do not let air 1 be taken off the air, WE NEED THEM DAILY!
